

Telling Time

Telling Time is an application that makes learning to tell time fun and easy for kids. Several activities, a scoring system and prizes to win will make your children want to learn to tell time.

In the free-play area you can move the clock hands around the dial to update the analog clock and hear the time spoken out loud. Three "challenge activities" are included as well: *Set the Clock* - drag the hour hand and the minute hand to the correct setting; *Which Time?* - match the time on a digital clock by moving the hands of the analog clock to the correct position; and *How Long?* - set the clock to a target time that is earlier or later than the time shown.

Beginner	Intermediate	Expert
<p><i>Which Time?</i> - match the time on a digital clock by selecting the hands of the analog clock that is at the correct position</p>  <ul style="list-style-type: none"> •Start Telling Time •Touch Which Time? •Select the level of play: <ul style="list-style-type: none"> •Easy - Hour and half hour •Medium - Hour, half hour, and fifteen minutes •Hard - Hours, half hour, fifteen minutes, and ten minutes 	<p><i>Set the Clock</i> - drag the hour hand and the minute hand to the correct setting</p>  <ul style="list-style-type: none"> •Start Telling Time •Touch Set the Clock •Select the level of play: <ul style="list-style-type: none"> •Easy - Hour and half hour •Medium - Hour, half hour, and fifteen minutes •Hard - Hours, half hour, fifteen minutes, and ten minutes 	<p><i>How Long?</i> - set the clock to a target time that is earlier or later than the time shown</p>  <ul style="list-style-type: none"> •Start Telling Time •Touch How Long? •Select the level of play: <ul style="list-style-type: none"> •Easy - Hour and half hour •Medium - Hour, half hour, and fifteen minutes •Hard - Hours, half hour, fifteen minutes, and ten minutes

Addressed TEKS

- Grade 1
 - (8) Measurement. The student understands that time and temperature can be measured. The student is expected to:
 - (B) describe time on a clock using hours and half hours; and
- Grade 2
 - (10) Measurement. The student uses standard tools to measure time and temperature. The student is expected to:
 - (B) describe time on a clock using hours and minutes.
